**Nancy T. Buckner**  
Commissioner

Dear Governor Riley,

Fiscal Year 2009 was a year of records for the Department of Human Resources. One of those records was the largest number of foster child adoptions ever in the state of Alabama. DHR staff in the counties and the state office recognized the urgency for permanency of children in foster care who were available for adoption. Permanent, forever homes were identified and finalized for 676 waiting children across the state. This represented a 64% increase over the previous year.

Alabama's food assistance program also experienced record numbers as benefits continued their upward trend. By the end of Fiscal Year 2009, monthly benefits amounted to nearly \$100 million and totaled \$971 million for the year. There was also an increase in the number of elderly Alabamian's participating in the food assistance program as the Alabama Elderly Simplified Application Process (AESAP) was implemented statewide.

Child Support Enforcement exceeded the federal paternity goal of 90% by 4.29% and more than tripled the amount of collections from unemployment compensation, collecting over two million dollars. This corresponded with a decrease in overall collections as child support collections fell from \$330 million to \$312 million.

Another huge accomplishment in Fiscal Year 2009 was not a record but certainly a milestone. The statewide automated child welfare information system (SACWIS) was implemented statewide and promises to greatly enhance DHR's child welfare and adult protective service case management as well as federal reporting requirements.

The Department of Human Resources' employees continue to demonstrate that they are dedicated to serving the vulnerable children and adults of Alabama in an efficient, effective and caring manner. Many of their remarkable accomplishments are presented in the following pages. As commissioner, I present this Annual Report to you as an illustration of their hard work and enduring commitment to the people of Alabama.

Sincerely,

Nancy T. Buckner  
Commissioner

Some Basic Facts about the...

## DEPARTMENT OF HUMAN RESOURCES

### DHR'S MISSION:

*To Provide for the protection, well-being, and self-sufficiency of children and adults.*

### MAJOR PROGRAMS

The Department of Human Resources' major programs include Family Services, Food Assistance, Child Support, Child Day Care, Adult Protective Services, and Temporary Assistance for Needy Families (TANF).

### DEPARTMENT EMPLOYEES

The agency has about 4,400 State Merit System employees, most of whom work in county DHR offices. Social workers represent the largest category of DHR staff, although a variety of professions are represented within the agency.

### DIVERSE RESPONSIBILITIES

The department has some of the most diverse responsibilities of any public or private agency. The agency's number one legal responsibility is to prevent abuse, neglect and exploitation of children and vulnerable adults.

The agency also plays a major role in assisting needy families through administration of the Food Assistance Program and the welfare block grant TANF. Support services are provided to help the families become self-sufficient. Approximately one of every four Alabamians are affected directly or indirectly by DHR programs, services or functions.

### HISTORY

The Alabama Department of Human Resources was created in August 1935 to administer programs that were part of the Social Security Act. These programs were developed to help Americans suffering through the financial hardships of the Great Depression. The agency's original name was the Department of Public Welfare. In 1955, it was renamed the Department of Pensions and Security. The current name was adopted in 1986. Some programs have changed over the years. However, the agency's primary goal has always been to help people in need.

### DHR BOARDS

DHR operates under the State Board of Human Resources. The Governor, who serves as Board Chairman, appoints the board members who serve six-year terms. The State Board approves major administrative actions, including the appointment of the Commissioner. The Board also approves the agency's operating budget.

The 67 county departments of Human Resources have boards that are appointed by county governments. City governments are involved in the appointment of County Board members in a few populous counties.

### REVENUES AND EXPENDITURES

In Fiscal Year 2009, DHR's revenues and expenditures totaled \$1,654,212,333, including more than \$971 million in food assistance benefits. The federal government provided approximately 85% of the agency's funds. Sources of state dollars included the General Fund, the Special Education Trust Fund, whiskey and beer taxes, and other earmarked taxes.

Most of DHR's federal funding comes through the U.S. Department of Agriculture (USDA) and the U.S. Department of Health and Human Services (HHS).

## RECORD-BREAKING NUMBER OF

# ADOPTIONS

## FINALIZED IN FY 2009

**MORE CHILDREN WERE ADOPTED THROUGH THE DEPARTMENT OF HUMAN RESOURCES IN FISCAL YEAR 2009 THAN EVER BEFORE.**

During the year, **676** waiting children were adopted through the state's adoption system, shattering the previous record of 412 adoptions set in fiscal year 2008. The majority of the adoptions were foster parents adopting the children in their care.

## SACWIS System Implemented Statewide

Alabama's statewide automated child welfare information system (SACWIS), known as the Family, Adult and Child Tracking System (FACTS), was implemented statewide on January 5, 2009. FACTS is designed to meet the information needs of all service components of child welfare and adult protective services case management as well as federal reporting requirements for the National Child Abuse and Neglect Data System (NCANDS), the Adoption and Foster Care Analysis and Reporting System (AFCARS) and the John H. Chafee Foster Care Independence Program. FACTS also interfaces with the Alabama Medicaid Agency, the Alabama Administrative Office of Courts, DHR's IV-A and IV-D programs and the State Comptroller's Office.

Following statewide implementation, FACTS staff will continue to collaborate with DHR program staff to enhance FACTS in order to maintain compliance with federal, state, and DHR policy requirements. They will continue to improve the system's functionality so it remains consistent with DHR's business processes. Alabama's FACTS is scheduled for its formal SACWIS Assessment Review by the Administration for Children and Families in August, 2010.

# ADOPTION RECRUITMENT EFFORTS

***Kids to Love*** - Features a child in DHR custody who is legally available for adoption. It is broadcast on WAFF-TV, Huntsville, and WSFA-TV, Montgomery.

***Thursday's Child*** - Highlights a child in DHR custody who is legally available for Adoption, and is published weekly in *The Montgomery Advertiser*.

***Wednesday's Child*** - Broadcast **weekly** on WTVY-TV, Dothan, it features a foster child who is legally available for adoption.

***Dave Thomas Foundation Grant*** - Provides grants to local adoption organizations to help hire adoption professionals to execute aggressive child-focused recruitment strategies targeted exclusively on placing foster care children with adoptive families. Alabama utilizes grant funds from the foundation to execute a Wendy's Wonderful Kids Program serving Mobile, Baldwin and other southwest Alabama counties.

***Heart Gallery Alabama*** - Accesses donated time by professional photographers to photograph children legally available and waiting for adoption. Photographs and biographical information on these children are included on a web site [www.heart-galleryalabama.com](http://www.heart-galleryalabama.com) and also at waiting-child exhibits in public locations around the state. Each exhibit includes at least one informational session on adopting from foster care hosted by Heart Gallery Alabama.

***Alabama Foster & Adoptive Parent Association*** - Publishes a newsletter entitled, *Connections*. This quarterly publication is sent to the home of traditional and therapeutic foster parents statewide and features four to six waiting children/sibling groups in each edition.

***Alabama Post Adoption Connections (APAC)*** - Helps in child-specific adoption recruitment through their quarterly newsletter, *APAC IMPACT*, which features photographs and biographical information of four to six waiting children/sibling groups. APAC also has produced waiting-child notebooks that feature the photographs and biographical information of all children currently featured on the DHR web site.

***AdoptUsKids*** - Operated through The Adoption Exchange, one of their most popular services is a web-oriented nation-wide child photo listing that can be viewed by potential adoptive families all over the world. In addition to their main photo listing, AdoptUsKids maintains the state-partner pages for public and private agencies.

***Adoption.com*** - A web based resource for waiting families. Adoption.com has working agreements with Alabama DHR, AdoptUsKids and Heart Gallery Alabama to feature Alabama DHR's foster children who are legally available and waiting for adoption.

## OFFICE OF CHILD WELFARE ELIGIBILITY

### Title **IV-E** Program

The Office of Child Welfare Eligibility (OCWE) had an extremely successful year as a result of the Title IV-E program. The Title IV-E program received \$36,987,471 in federal funding in FY 2009. The IV-E program, authorized by Title IV, Part E of the Social Security Act, provides funds to our state for maintaining certain children in foster care or in adoptive families. The funding is also used for the administration of the program and training staff who work with the children and families.

In August 2009, the Administration of Children and Families (ACF) conducted an eligibility review of Alabama's Title IV-E Foster Care Program. The purpose of the review was to determine if Alabama was in compliance with the child and provider eligibility requirements and to validate the basis of Alabama's financial claims to ensure that appropriate payments were made on behalf of eligible children, eligible homes, and institutions.

The state was in substantial compliance with federal requirements. ACF commended the state for its improvements of timely and frequent judicial reviews to obtain permanency for children in care and the decreased number of cases receiving improper payments.

### Comprehensive Assessment Pilot Project Successful

The Comprehensive Assessment Project (CAP) was successfully piloted in three sites, Mobile, Baldwin and Escambia counties, during FY 2009. CAP is designed to develop a practice model that will produce better outcomes for children. There are also control sites that are used for comparison of case outcomes for research purposes. The control counties are Lauderdale, Lawrence, and Madison Counties.

In the past year, the pilot sites have been trained and have implemented four of the five assessment phases: *the Intake Assessment, the Family Functioning Assessment, the Protective Capacity Family Assessment, and Change Strategy (ISP)*.

There is only one phase (*the Protective Capacity Progress Assessment*) remaining to be trained and implemented in the pilot sites. This training is slated for July, 2010.

The researchers for the project have gathered baseline data in the control counties and the pilot sites and are reviewing for improved outcomes. The project is scheduled to be completed in 2012.

### PROGRAM IMPROVEMENT PLAN APPROVED

The Family Services Program Improvement Plan (PIP) was approved by the Children's Bureau with an effective start date of September 1, 2009. The PIP has helped define the strategies and goals for Family Services. Alabama's five year plan includes content from the PIP, as well as, additional strategies and objectives that are not a part of Alabama's PIP.

# Family Services

## OFFICE OF FINANCIAL RESOURCE MANAGEMENT

The Office of Financial Resource Management (OFRM) works with county DHR staff and State DHR contract providers of Residential and Therapeutic Foster Care (TFC) to ensure that needed services are available for abused and/or neglected children. They also make policy available so that services are provided in compliance with rules and regulations of the Medicaid Agency. OFRM is responsible for policy and training for Medicaid Rehabilitation Services and the Targeted Case Management (TCM) Program.

The work completed by the OFRM allows the department to seek federal reimbursement for some of the services that are purchased with state dollars provided to rehabilitate and alleviate the suffering of abused and/or neglected children and adults.

Alabama saves millions of state dollars each year with the DHR Revenue Maximization initiative to draw down federal dollars for services that would be paid with state dollars if not for DHR's efforts to seek the federal reimbursement.

### *Federal Dollars received through Medicaid Reimbursement*

<b>Program</b>	<b>FY09</b>
Targeted Case Management	\$13,470,126.77
Medicaid Rehabilitative Services	\$28,057,908.06
<b>Total</b>	<b>\$41,528,034.83</b>

## Supervisory Conferences Held in Birmingham

In 2009, the Family Services division hosted two Supervisory Conferences in Birmingham directed at increasing the capacity of Alabama's child welfare supervisors to operate with expected best practice skills. The title of the Conference was "*Supervision – The Driving Force for Best Practice*". Nationally recognized speakers including George Duvall and Sue Badeau participated in providing pertinent and essential information to Supervisors. Supervisors were very pleased at the opportunity to develop their skills and the Conference received excellent evaluation feedback.

### THE DEPARTMENT OFFERED WORKSHOPS IN KEY AREAS:

- *Meaningful Caseworker Visits*
- *Focus on the Beginning for a Good Ending (SAFETY)*
- *Serving Older Youth*
- *Supporting Practice Through Supervision (Practice Model)*
- *New Initiatives to Support Permanency Outcomes*
- *Concurrent Planning*

## Spirit of APS Award

*“Spirit of APS” award recipient, Renee Williams with Governor Bob Riley at World Elder Abuse Awareness Day Proclamation Signing*

*Carolyn Lapsley, Deputy Commissioner for Children and Family Services with “Spirit of APS” award recipient, Renee Williams*

*World Elder Abuse Awareness Day Proclamation Signing*

An Award’s Ceremony was held on June 10, 2009, at the State Department of Human Resources to announce and honor the winner of Alabama’s DHR Adult Protective Services **“Spirit of APS”** Award. The recipient was Renee Williams, APS frontline social worker, from Marion County. She was nominated by Mrs. Bonnie Riley, Marion County Director, with endorsements from local community, medical and legal representatives. At the time of her nomination, Mrs. Williams had been an APS social worker for three years and held a Bachelor of Social Work degree. She was selected for this honor because of her outstanding service with her adult clients as well as her community. The annual award recognizes a person who has made a significant contribution to the growth and development of the Adult Protective Services program in his or her community or state. Selection is based on the worker’s contribution to the APS program in the community, the longevity of the contribution, the improvement in the APS program as the result of the worker’s contribution and the worker’s academic or other achievements. The state winner’s name is submitted for the national award, “Spirit of NAPSA”, sponsored by the National Adult Protective Services Association.

## 2009

## World Elder Abuse Awareness Day

The State Department of Human Resources celebrated World Elder Abuse Awareness Day with numerous events across the state in June, 2009. This is a day set aside by the International Network for the Prevention of Elder Abuse (INPEA) for organizations and communities to raise awareness of the mistreatment of older adults and to highlight the need for appropriate action.

County Departments of Human Resources' APS staff planned a variety of activities. County officials signed proclamations for June 15, 2009, World Elder Abuse Awareness Day. County DHR staff wore purple ribbons and decorated their offices with purple bows. Local newspapers and radio stations had articles, pictures and public service announcements with information about elder abuse awareness. DHR representatives gave speeches at luncheons and seminars in order to bring awareness of elder abuse to communities.

Governor Bob Riley signed a proclamation making June 15, 2009, World Elder Abuse Awareness Day in the State of Alabama at a special signing ceremony held at the State Capitol. Representatives from many County Departments participated in a rally at the Capitol. This is an annual event held every June.

## FACTS *Implementation* *Impacts* APS DOCUMENTATION

During 2009, Adult Protective Service (APS) programs in counties across the state implemented the Family, Adult and Child Tracking System (FACTS). FACTS allows for the concise collection and documentation of data from the client's initial contact with DHR until case closure. This includes the investigation of abuse, neglect or exploitation, providing/monitoring of ongoing services, possible legal intervention/court action, obtaining alternative placement for the client, and making payment for services provided.

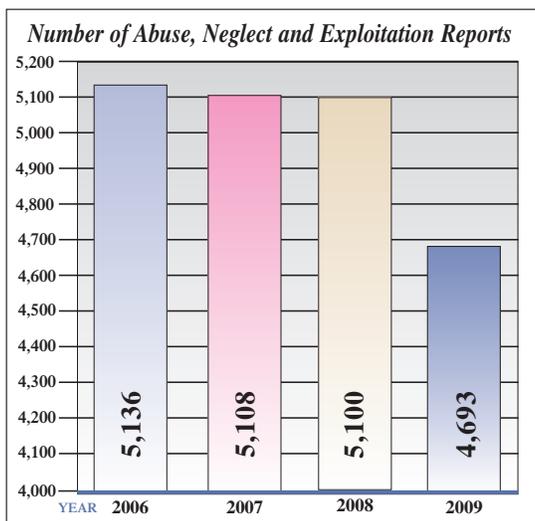

FACTS facilitates service provision, identification of available services, policy compliance and accountability of the work which can be monitored by the worker, supervisor, director of the county department and SDHR staff. Throughout the year, the APS Consultants assisted the counties with the continuous use of FACTS by conference call training and on site visits. The APS staff looks forward to a more in-depth use of FACTS in the coming years.

### APS NOW TRACKING PREVENTION ASSESSMENTS

APS policy has provided prevention assessments for many years. However, prior to the implementation of FACTS, APS was unable to determine how many such requests were received or the status of the assessment. As part of the implementation of FACTS, APS began tracking prevention assessments and abuse, neglect, or exploitation (ANE) reports separately. The Department believes this more accurately categorizes referrals received.

The number of prevention assessments in FY 2009 was 845. This number, combined with the ANE report number of 3,848 results in a total of 4,693 APS referrals. This represents an 8% decrease from the 5,100 ANE reports received in FY 2008.

Factors that may have contributed to the decrease in ANE reports include the statewide implementation of FACTS, a decreased number of staff assigned to APS in FY 2009, and the termination of the homemaker services program.

### APS CONSULTATION CONTINUES DESPITE TRAVEL RESTRICTIONS

During FY 09, consultation was provided primarily by telephone due to travel restrictions. Intensive coaching on the use of FACTS was provided by telephone to 37 counties and cases were reviewed on FACTS in those counties. There were limited on-site visits for training or difficult case assistance.

# Child Care Services

## CHILD CARE SUBSIDY PROGRAM AVOIDS REDUCTIONS

DHR had planned to implement child care subsidy reductions beginning May 1, 2009. However, funds received from the American Recovery and Reinvestment Act (ARRA) made it possible for the Department to continue child care services at previous levels.

The proposed actions would have lowered the income eligibility levels for families to receive child care subsidies. This would have reduced the number of children participating in the program by 3000.

The proposal was a part of budget reduction measures caused by a decrease in state funds used to finance the program.

## THOUSANDS TRAINED BY CHILD CARE QUALITY ENHANCEMENT AGENCIES

*DHR Child Care Quality Enhancement Agencies provided training and technical assistance to more than 62,000 participants and conducted 7200 training sessions.*

### ALABAMA EARLY LEARNING GUIDELINES (AELG)

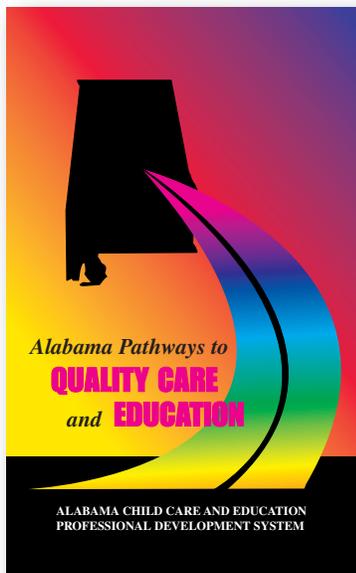

More than 300 child care providers and their staff completed a nine module training course and received the AELG Credential. The Credential recognizes providers that have completed 18 hours of training on the Guidelines.

### ALABAMA PROFESSIONAL DEVELOPMENT PLAN

The Child Care Services Division distributed over 400 Alabama Pathways brochures in FY 2009. Alabama Pathways serves as a guide for individuals seeking professional preparation and development in early childhood and school-age care and education.

The “Professional Development Lattice” section of the plan brochure outlines Training and Education from Level 1 through Level 8. The Lattice provides a continuum of training and education that supports high quality care and teaching of young children.

# Family Assistance

## Efforts to Increase **JOBS** Program Participation

On August 1, 2009, the Family Assistance (FA) Division implemented the Subsidized Employment Program (SEP) to reimburse employers for gross wages paid to welfare recipients. The program referred over 200 clients to Alabama Career Centers for assessment and job placement in FY 2009. As of September 11, 2009, 68 clients were placed in subsidized employment and another 6-10 were awaiting results of background checks and other paperwork required by the employer. The Department of Rehabilitation Services also worked with employers to place individuals with disabilities in SEP.

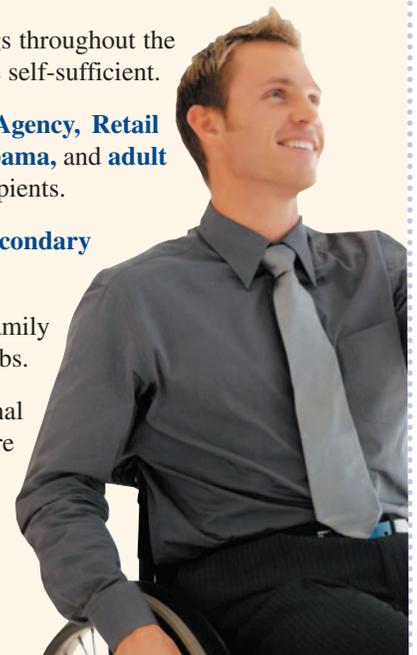

The number of clients participating in Community Employment (CEMP) placements tripled in FY 2009. CEMP provides work experience opportunities to clients in unpaid work assignments with either public or private employers.

The JOBS program operated the Independence Through Employment (ITE) program in collaboration with the Department of Rehabilitation Services. This program is designed to assess JOBS clients who state they have disabilities so that their ability to work can be determined. Of the 1031 clients who have completed their disability assessment, 122 found employment, 652 were determined to have a disability so severe that work is prohibited. These individuals were assisted with completing and filing SSI applications.

The **JOBS** Program is Alabama's work program for all adult recipients of Family Assistance and helps recipients find and keep employment. In order to meet federal TANF requirements, at least 50% of all work eligible adult recipients must be participating in work, or work activities, for an average of 30 hours per week.

## FAMILY ASSISTANCE PARTNERSHIPS

- Coordinated with the **State Personnel Department** to refer qualified JOBS participants for state jobs. Individuals selected are placed in subsidized employment with the state in 6 month increments.
- Collaborated with the **Governor's Office of Faith-based Initiatives** to hold meetings throughout the state to encourage involvement of faith-based organizations in helping clients become self-sufficient.
- Partnered with the **Department of Corrections, Head Start, Community Action Agency, Retail Grocers' Association, Hospitality Association, Assisted Living Association of Alabama, and adult day care providers** to provide supervised work experience to Family Assistance recipients.
- Provided Job Readiness classes for JOBS clients through the **Department of Post Secondary Education**.
- Partnered with the **Governor's Office of Workforce Development** to refer eligible Family Assistance recipients to the Summer Youth Employment Program for paid summer jobs.
- Collaborated with the **Department of Industrial Relations** to develop promotional materials on the Work Opportunity Tax Credit (WOTC) to encourage employers to hire FA recipients and other individuals who qualify for the tax credit.
- Collaborated with **Impact Alabama** to encourage working individuals to take advantage of free income tax preparation and apply for the Earned Income Tax Credit (EITC).

# Family Assistance

## HELPING FAMILIES WITH BASIC ASSISTANCE

*Alabama's Family Assistance (FA) caseload saw a slight increase during Fiscal Year 2009. FA benefits in FY 2009 were provided to a monthly average of 18,254 families including 32,473 children. This compares to a monthly average of 17,959 families receiving assistance in FY 2008. The average monthly payment was \$188.*

### **SAIL** Program

The Special Assessment, Intervention and Liaison (SAIL) Program provides services to families involved with domestic violence to help them remove barriers to becoming self-sufficient in a safe manner. The Family Assistance Division contracts with the Alabama Coalition Against Domestic Violence to assess each individual referred to the program to determine the risk of harm to the individual and his/her children and to provide services including crisis counseling, advocacy and safety planning.

**From October 2008 through September 2009, a total of 3645 families were referred for help.**

**AN AVERAGE OF 377 FAMILIES RECEIVED SERVICES EACH MONTH.**

## DISASTER ASSISTANCE CONTINUED IN FY 2009

Disaster victims located in federally declared disaster areas of Alabama continued to be served through the Social Services Block Grant (SSBG) funds administered by the DHR Family Assistance Division. A total of \$2.5 million was distributed in FY 2009 through a non-profit vendor to Alabama citizens in need of relief. Services available through the Disaster Relief Program included: health and mental health services, home based services, shelter and case management services.

### *The Alabama Fatherhood and Community Healthy Marriage Initiative Programs*

The Alabama Fatherhood Program was implemented in 2000 to assist fathers, young adult males, and non-custodial parents by teaching and practicing skills to enhance their ability to maintain nurturing relationships with their children. The Healthy Marriage Program helps couples form and sustain healthy relationships by providing greater access to relationship education and support. In FY 2009, 23 fatherhood and healthy marriage projects were funded with TANF dollars through the on-going partnership with the Alabama Department of Child Abuse and Neglect Prevention (Children's Trust Fund).

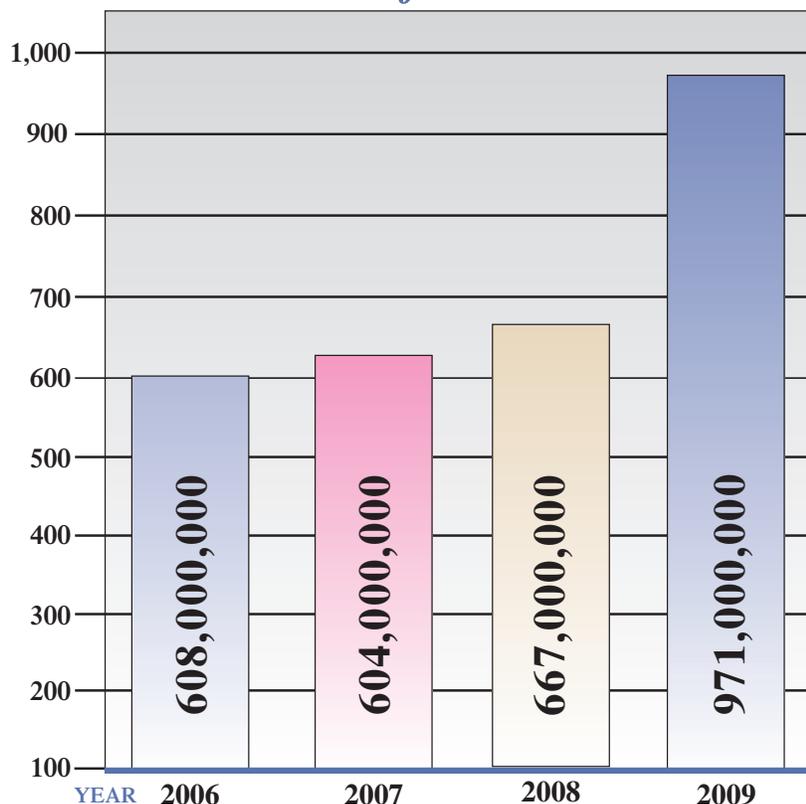

# Food Assistance

## Food Assistance Program Reaches **RECORD NUMBERS**

MILLIONS OF  
DOLLARS

### *Benefits Issued*

The Alabama Food Assistance Program grew at an unprecedented rate during FY 2009. In response to the economic downturn, the program experienced a growth rate of almost 27%. In September 2009, over 750,000 individuals were participating and benefits were issued in excess of 971 million dollars. This resulted in an economic impact for the state of more than \$1.7 billion. It is estimated that every \$5 in benefits stimulates \$9.20 of economic activity. Alabama ranked third in the Southeast region in program growth behind only Florida and Georgia. Alabama's growth was higher than the national average for the year.

## Federal Food Stamp Program Now SNAP

Effective October 1, 2008, the federal program was renamed the Supplemental Nutrition Assistance Program (SNAP). Alabama retained the name Food Assistance Program. Because all states are required to provide benefits through an electronic benefit transfer system, food stamp coupons are no longer distributed.

Supplemental  
Nutrition  
Assistance  
Program

As of June 17, 2009, food stamp coupons could no longer be redeemed for food purchases.

# Food Assistance

## AMERICAN RECOVERY AND REINVESTMENT ACT IMPACTED FOOD ASSISTANCE PROGRAM

In February 2009, the U.S. Congress passed the American Recovery and Reinvestment Act (ARRA) in an effort to stimulate the national economy. This legislation provided additional funding for states to use for increased administrative costs due to the rise in participation.

Alabama's Food Assistance Program received \$2,542,061 from ARRA for FY 2009. This money was used to offset the costs of benefit delivery, and a portion of the money was used to buy new computer equipment for use in several automation initiatives in development during this time.

Benefit adjustments were made effective October 1, 2008 under the rules governing normal annual adjustments. This included benefit adjustments and adjustments to the gross and net income limits. Effective April 1, 2009, ARRA implemented a second benefit increase of 13.6%. ARRA provided the benefit increase but made no increases to the gross and net income limits.

Effective October 1, 2008, the minimum food assistance benefit was increased from \$10 to \$14, the first increase in the minimum benefit since the program began. As a result of the benefit increase under ARRA, the minimum benefit increased again to \$16.

## Staff Added to Meet Benefit Growth Needs

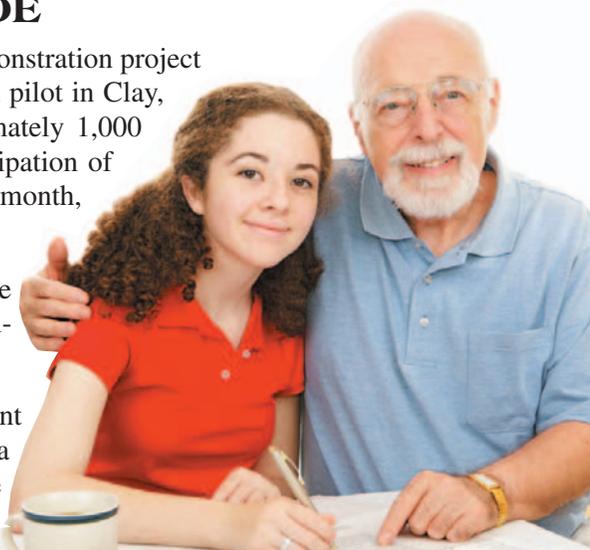

In response to the substantial growth in food assistance benefits, additional workers were hired in the counties to maintain services at an acceptable level. Some workers were hired as permanent merit employees, while others were retired state employees. This additional staffing allowed the program to remain above the national average for payment accuracy and accuracy of negative actions to deny or terminate benefits and to maintain existing levels for timeliness of application processing. Alabama's state-reported payment error rate for FY 2009 was 3.51%, compared to the national average of 4.2%.

## AESAP IMPLEMENTED STATEWIDE

The Alabama Elderly Simplified Application Process (AESAP) demonstration project was implemented statewide on October 1, 2008 after a three month pilot in Clay, Calhoun and Jefferson counties. This program grew by approximately 1,000 cases each month during FY 2009, finishing the year with a participation of 13,428 individuals. The average benefit per individual was \$75 a month, well above the minimum benefit of \$16.

The Department of Senior Services provided outreach assistance for AESAP, providing information and applications to potentially eligible Alabama seniors.

In August 2009, Art Foley, SNAP Director of Program Development Division, and other FNS staff from Washington, D.C. visited Alabama to view and evaluate this project. They were impressed with the effectiveness of the AESAP project.

# Food Assistance

## DISASTER PROGRAM PLAN

### UPDATED

In preparation to respond to a disaster through Disaster SNAP operations, the Food Assistance Division prepared and received FNS approval for an updated Disaster Program Plan. In FY 2007, after responding to the food needs of victims of Hurricane Ivan and Hurricane Katrina, DHR increased emphasis on disaster planning and preparedness. The revised disaster plan includes a process to speed up the issuance of benefits to meet the federal requirements to make benefits available to eligible recipients within three days of application.

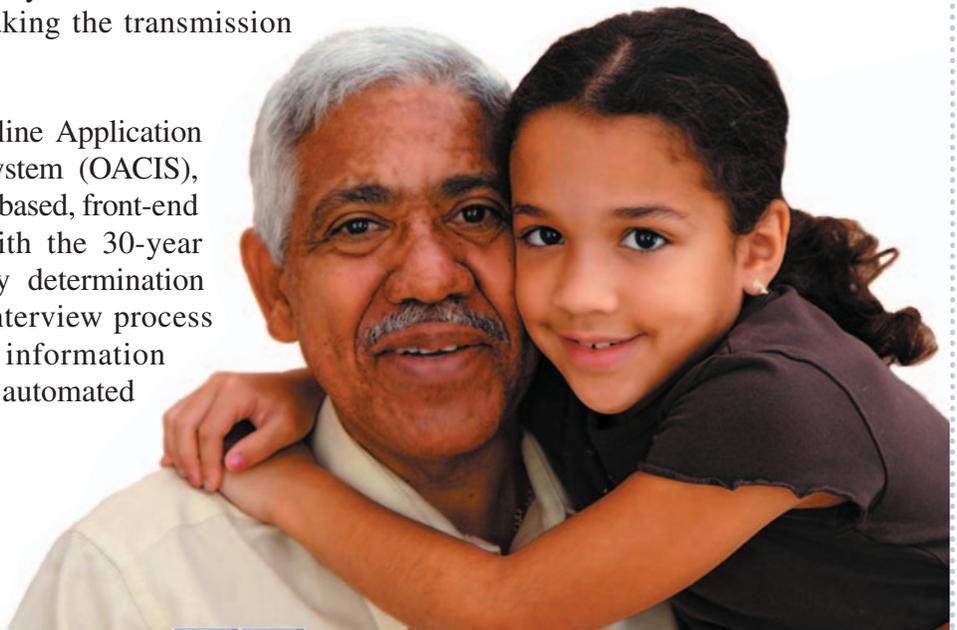

In the event of future Disaster SNAP operations, EBT cards will be issued at the disaster application site to eligible households, and the documents to approve applications and generate benefit issuance will be transmitted to counties outside the disaster site through a document imaging system for data entry. This will greatly improve the approval process while being more cost efficient.

## Efficiency Improved Through Automation

*Several automation initiatives were completed to improve the distribution of reports and materials needed by staff in the day-to-day operation of the food assistance program.*

- Most reports, previously printed and shipped to counties, were placed on a department Electronic Record Distribution (ERD) system. While reducing costs by eliminating the printing of these reports, they are also available more quickly for use by staff.
- An online interactive policy manual was made available on the DHR Intranet in FY 2009, making the transmission of policy more efficient.
- Programming for the Online Application and Case Information System (OACIS), was completed. This web-based, front-end system will interface with the 30-year old mainframe eligibility determination system to improve the interview process and make more case information available to workers in an automated format.

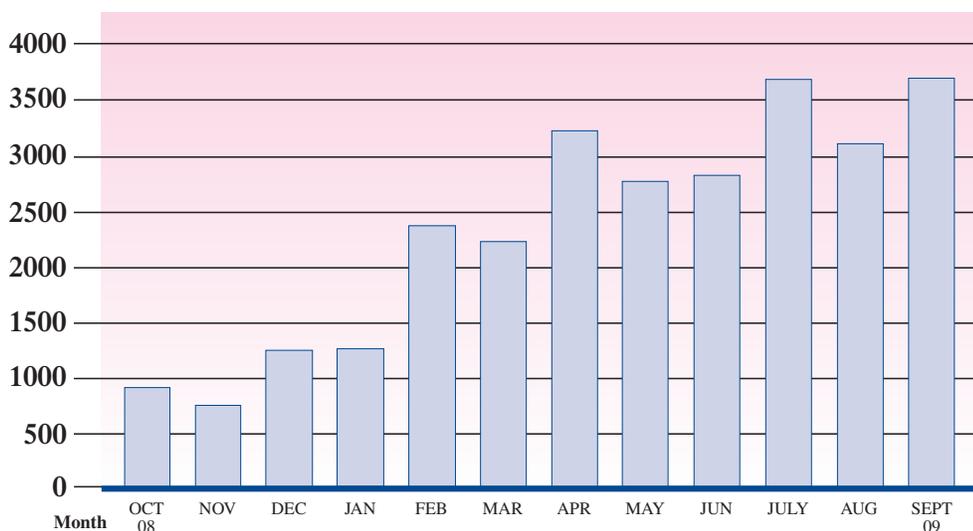

# Child Support Enforcement

## COLLECTION FROM UNEMPLOYMENT COMPENSATION RISES

Child support collections from unemployment compensation benefits reached an unprecedented \$2,001,152 in FY 2009. That is more than triple the \$418,253 collected from unemployment checks in FY 2008. For the first time in the history of the program, higher amounts of payments were coming from unemployment benefits in comparison to income withholding from employees' paychecks.

In spite of increased enforcement efforts and some parent's hard work to keep pace with their court-ordered child support payments, job losses and salary cuts resulted in reduced child support collections in FY 2009. About \$312 million were collected compared to \$330 million in FY 2008.

### UC PAYMENTS - FY 2009

*Child support payments from unemployment benefits increased from 969 in October 2008 to a record number of 3,673 in September 2009.*

## KEY LEGISLATION

Legislation was passed in FY 2009 that authorizes the child support program to collect on arrearages through an income withholding order for a child over the age of majority (19). This legislation potentially helps increase child support collections on approximately 49,000 "arrears only" cases.

# Child Support Enforcement

## PATERNITY, OBLIGATIONS & ARREARS INCREASE

The Child Support Program reached a landmark by establishing paternity for 94% of the children served through the program in FY 2009. This is more than a 10% increase over five years ago when the percentage of paternity was less than 82%. Child Support is well on the way to its goal of ensuring that all children have established parentage.

The program also saw the number of court ordered obligations increase to 83.30% and payments on arrears increase to 58.96%.

## Child Support GUIDELINES

In FY 2009, the Child Support Guidelines and the schedule that is used to calculate child support awards in Alabama were revised for the first time since 1993. The revised schedule is based on the latest extensive economic research on the cost of supporting children at various income levels updated to 2007 price levels. Also, the revised schedule now includes combined gross monthly incomes of up to \$20,000 per month.

## HAND IN HAND

Progress in the Child Support Program is the result of many partners working hand in hand to achieve the best outcome for Alabama's children. Effective collaboration with federal, state, and county partners, district attorneys, private attorneys under contract with DHR, law enforcement officials, judges, and other court officials is key to the success of the program. In addition, employers, financial institutions, insurance companies, hospitals, program contractors, TANF, Medicaid, Child Welfare, Department of Corrections, and many committed non-custodial parents perform essential roles by partnering with the Child Support Program to see that children receive the support that they are entitled to receive.

# Field Administration

## Office of Emergency Welfare Services /Employee Safety

In FY 2009, Field Administration's Office of Emergency Welfare Services/Employee Safety coordinated Shelter Manager's Training for 285 Departmental staff in seven regions. These Managers will provide shelter management at Community College Shelters when activated during all-hazards emergency conditions.

## District Administrative Specialists

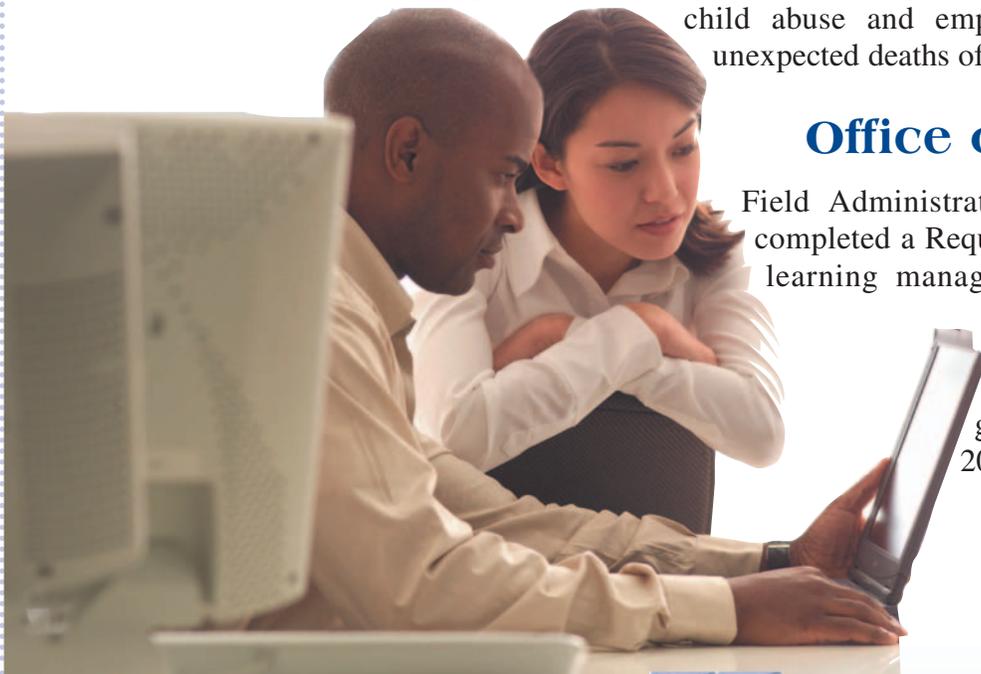

Field Administration's District Administrative Specialists used their extensive skill and expertise to support the 67 county directors in the area of county administration and leadership. In the absence of County Directors, due to retirement or resignation, the District Administrative Specialists served as interim county directors throughout the State providing valuable continuity in management and leadership to counties.

## Office of Staff Development

Field Administration/Staff Development continued to provide support for the Department's Social Work Licensure Initiative throughout 2009. Social Work Licensure Supervision, in accordance with Alabama State Law and the Alabama Board of Social Work Examiners Administrative Code, was provided to over 100 licensed employees throughout the State. Field Administration/Staff Development offered the Department's social work licensure exam study program, Plan to Prep, throughout the State to assist new and experienced staff seeking their social work license. Field Administration/Staff Development Social Work Licensure Supervisors also provided crisis intervention assistance to employees of the Department working with cases of particularly severe child abuse and employees dealing with the unexpected deaths of co-workers.

## Office of Training

Field Administration's Office of Training completed a Request for Proposal for a new learning management system which will aid the development of all DHR employees as it is installed in 2010 and grows in application through 2012.

# Fiscal Integrity

## *During FY 2009, DHR recouped \$3.6 million of overpayments that were made to clients in the Food Assistance and Family Assistance (TANF) programs.*

DHR works to protect the integrity of its programs for the benefit of both clients and taxpayers. The agency strives to control fraud, abuse and overpayments through audits of programs and contractors, investigations of employee and vendor fraud and theft, collections of confirmed overpayments and prosecution of major fraud cases.

Debts owed to DHR are accounted for and managed through the Department's automated "Comprehensive Claims System" (CCS). This system is the basis for the tracking and collection of debts owed to the Department and also to the Federal Government as required by regulations. During FY '09, DHR recouped \$3.6 million of overpayments that were made to clients in the Food Assistance and Family Assistance (TANF) programs. Approximately \$3.2 million of this sum represents Food Assistance debt collections. About \$1.4 million of the total was collected through interceptions of federal and state income tax refunds and other federal payments. A major project underway in FY 2009 is designed to upgrade the automated system that collects food assistance debts through the Treasury Offset Program (TOP). Recoupment of food assistance debts through this federal method is required by law.

DHR pursues criminal prosecution in major fraud cases. During FY '09, there were 100 criminal convictions. In the great majority of cases involving smaller dollar amounts, however, DHR seeks administrative remedies. These remedies include the repayment of funds and disqualification from programs. During FY '09, 323 food assistance recipients were administratively disqualified from the program due to fraud as determined by either an Administrative Disqualification Hearing or voluntary disqualification and agreement to repay funds.

2/ Not to be used to compute DHR financial obligation.

NOTE: In accordance with Public Law 92-603, a program of Supplemental Security Income (SSI) administered by the Social Security Administration was effective January 1, 1974, for the aged, blind, and disabled. Alabama has a program of supplementation for persons receiving less under SSI than under OAP, AB, and APTD. Data with reference to programs of supplementation as administered by the Department of Human Resources are given here in addition to data for other programs.

THE JOBS PROGRAM

OCTOBER 1, 2008 - SEPTEMBER 30, 2009

The Temporary Assistance for Needy Families (TANF) program, established by the Personal Responsibility and Work Opportunity Reconciliation Act of 1996 (PRWORA), required states to provide work and training services to recipients of Family Assistance (FA). Called JOBS in Alabama, the program emphasizes work activities and employment of recipients. Child care and other supportive services are available to JOBS participants. The Deficit Reduction Act of 2005 (DRA) made significant changes to TANF requiring states to operate a more intensive JOBS Program and drastically increased the documentation and tracking requirements.
