

*****AMENDMENT #5 CLARIFICATION REGARDING MATCH*****

5.0 BUDGET

A **state/local match equaling 25% of the combined federal and state/local funding** is required to secure the federal funds. Cash, goods, or services, including third party in-kind contributions, are allowable sources of match. Please identify any local matching funds your agency can make available or has secured for this project. **Vendors must identify 15% of the 25% match requirement.**

Note: The monthly rate per family is \$1520 minus the 15% match = \$1292 per month per family.
