

The Department of Human Resources appreciates and supports interest in academic research of our various programs and the Alabama citizens they serve. DHR is bound to protect the confidentiality of vulnerable consumers and ensure appropriate use of departmental resources. Therefore, all research proposals seeking to use data collected/maintained by DHR or seeking to survey DHR staff or consumers must be approved by the State Office through the appropriate channels. If you have questions or would like to submit a research proposal to be considered for approval, you may contact:
