## FOREWORD

Minimum Standards for the operation of foster family homes has been revised in accordance with the Child Care Act of 1971 (Title 38, Chapters 7 and 13, Code of Alabama 1975; Title 41, Chapter 22, Code of Alabama 1975), Federal Court Orders in reference of the R.C. vs. Fuller case, and the Adoption and Safe Families Act (Public Law 105-89). Public Law 113-183, Preventing Sex Trafficking and Strengthening Families Act, was signed into law on September 29, 2014. In order to implement the legislation, as well, as federal requirements, reasonable and prudent parenting policy was developed. Public Law 115-123, the Family First Prevention Services Act, was signed into law on February 9, 2018. In order to implement the federal requirements, Standards have been revised to meet the Model Foster Care Licensing Standards. The Department has one set of Minimum Standards which apply to both non-related and related foster parents.

Since 1931, the State Board of Public Welfare, (now known as the State Department of Human Resources) has prescribed minimum standards which had been developed by representatives of the field of child care as regulatory measures for the conduct of child care facilities and agencies. Since that time, the standards have been revised periodically to meet the needs of dependent and neglected children in the State.

Now, standards must address the special needs of children and their families as defined in the R.C. case. The five (5) goals of the “System of Care” as defined in R.C. are: 1) To protect class members from abuse and neglect; 2) To enable class members to live with their families; and when that cannot be achieved through the provision of services, to live near their home; 3) To enable class members to achieve stability and permanency in their living situation; 4) To enable class members to achieve success in school; and 5) To enable class members to become stable, gainfully employed adults. The standards are also designed to ensure that children in foster care placements receive quality services that protect their safety and health as required by the Adoption and Safe Families Act (ASFA). **The standards also require that providers allow children in their care to comply with Reasonable and Prudent Parent standards and as such children and youth participate in developmentally appropriate activities.**

In developing the current revision of minimum standards, the State Department of Human Resources utilized the resources of veteran Department staff and sought the advice and assistance of knowledgeable persons representative of the field of child care. These regulations, now under the title of “Minimum Standards for Foster Family Homes,” are to be used in meeting and maintaining standards for the substitute care of children away from their own homes and services to their families towards a goal of reunification, termination of parental rights/adoption, or independent living, recognizing that some children are suited for long-term foster care.

Also included in this publication are principles and procedures for the approval of foster family homes.

Sections III through VIII set out the minimum standards that must be met by persons responsible for the care of children in order for an approval to be issued by the Department. The regulations are in keeping with regional and national trends for the desirable substitute care of children, plus federal court orders.

The original minimum standards under the provisions of the Child Care Act of 1971 were published in 1974. Subsequently, revisions were made in 1977, 1980, 1982 and 1989– all with the assistance and approval of Ad Hoc Advisory committees and the State Board of Human Resources.

## I. PRINCIPLES OF FOSTER FAMILY HOMES

While the separation of children from their families may not be necessary in most cases, there are some situations where removal may be the only action determined to be appropriate to ensure safety and offer the needed services to children and their families.

Foster parents play a particularly vital role in the lives of the children who are served by them. The foster parents provide a home setting for the children and, as team members, recognize the importance of children's families as well as the need for safety and permanence.

The responsibility of every foster family home, as defined in the Child Care Act, is to provide developmental experiences for children within a setting which also affords adequate food, clothing, shelter, safety and education. **Additional Federal and State Acts, rules and regulations require that foster parents have the responsibility of operating according to Reasonable and Prudent Parent Standards and allow children in their care to participate in age and developmentally-appropriate activities.** An accompanying responsibility is the support and maintenance of family relationships.

A primary function of every foster family home shall be to work with children and their families, to help them utilize and expand upon strengths within the family, and to assist in family reunification efforts when that is the goal.

All children should continue to be regarded as members of the family units from which they came. Permanency is the desired goal for all children and therefore, reunification with the family should be the first consideration. Children's feelings for their own family must be respected and handled in a manner that will not denigrate either child or parent.

Although the family may be unable to provide twenty-four hour a day care for the child, the family can make a significant continuing contribution to the child's life and emotional stability. In addition, the family retains rights concerning the child, unless those rights have been terminated by a court order.

The type of out of home care selected for each child is determined by the child's individual needs such as 1) age; 2) temperament; 3) physical, mental and emotional condition; 4) patterns of action, reaction and interaction and 5) the child's relationship with significant others in his/her life. The selection should include consideration of the need to build the child's self-reliance and self-esteem. Established professional principles should always be followed when placing a child so that the trauma felt by the child is addressed.

Support and services must be offered to the child's family while the child is in care. Out-of-home care is viewed as supplemental parenting in which the foster family home provides only that portion of parental care that cannot be supplied by the legal parents or relatives. The type of care selected must recognize and support the individuality and the cultural background of the child, as well as provide the basic elements of physical safety and emotional security, and the preservation of the basic rights of the child.

Foster family homes shall provide children adequate shelter; a balanced, appetizing and adequate diet; and comfortable, stylish and properly fitted clothing. Young children need guidance that will encourage their development at an appropriate level. Such guidance may incorporate expectations which are realistic and yet challenge the child to grow, help the child to build stable, trusting relationships with adults, and assist the child generally in growing

physically and emotionally. **Children should also be afforded opportunities to participate in age and developmentally appropriate activities and events.** Academic education in health habits; human sexual development and function; religion and morals; and for adolescents, an opportunity to select and train for a vocation should be provided by the foster family as well as offering experiences in community living, including familiarization with community resources for work, worship, recreation, shopping and socialization.

It is the role of the foster family to assist children as they mature toward preparing and transitioning to adulthood. Children should live in an environment where they can be supported and respected as individuals and receive guidance and help in setting goals based on their own strengths and needs.

Families whose homes are approved as foster family homes are members of a helping team, and have the support of the Department or the licensed child-placing agency. Only through good teamwork efforts can the placement experience emerge as a healthy, wholesome one for a child in a foster family home.

When no copy of the fingerprint card is available because of the electronic transmission of live scan fingerprints, written documentation from the individual or law enforcement agency that the fingerprints have been collected and transmitted shall be maintained on file in the home and sent to the Department's Criminal History Check Unit.
- (g) Fingerprints are not required when a disability prevents an individual from being fingerprinted. Disabilities preventing fingerprinting include the loss of both hands, severe scarring of all fingers, closed paralytic hands, and similar disabilities. In situations involving a covered disability, a completed Criminal History Information Consent and Release form is required. The Department of Public Safety shall conduct a criminal history background information check by name and Social Security number in such cases. Documentation or

verification that the disability prevents fingerprinting shall be obtained from law enforcement or from an individual trained in fingerprinting techniques and shall be submitted to the Department of Public Safety and the Department of Human Resources.

- (5) Criminal history background information checks shall be performed by the Alabama Department of Public Safety. National criminal history background checks shall be requested by the Department of Public Safety from the Federal Bureau of Investigation. Criminal history background reports shall be sent to the Department of Human Resources.
- (6) The Department of Human Resources shall review the report and determine whether the applicant or other person meets the suitability requirement based on the criminal history background report. - (7) Upon receipt of a determination of unsuitability, the affected individual shall be terminated from employment or volunteer work in the home.
- (8) The Department shall suspend or revoke the license or deny the initial application or the application for renewal if the applicant/licensee, household member or another person in the home receives a determination of unsuitable character.
- (9) The Department shall send a copy of the letter determining suitability status to the individual affected and to the licensee of the home. The individual has thirty (30) days from the date of notification to request in writing a reversal of the determination of suitability if the disqualifying conviction is not for a sex crime, or a crime against a child, an elderly individual, or an individual with disabilities. The affected individual shall show clear and convincing evidence of successful rehabilitation.
- (10) The Department shall send a copy of the report received from the Department of Public Safety to the affected individual. The affected individual shall have the opportunity to challenge the accuracy of the report.
- (11) If a suitability determination letter is received by the licensee from the Department's Criminal History Check Unit stating an individual is suitable for employment based on the absence of any disqualifying convictions, the

licensee shall make his or her own determination regarding employment or volunteer work. No right to employment is created by the issuance of a letter stating an individual is suitable for employment.

- (12) Only one criminal history background check shall be required per individual. - ◆ Partnership Profile
  - Summary and Recommendation
  - Family Profile (original and modifications)
- ◆ References
- ◆ Final Strengths/Needs Worksheet
- ◆ Professional Development Plan
- ◆ Medical Records, Other Records, Checklists
- ◆ Strengths/Needs Worksheets (Completed by Provider)
- ◆ Notes from Family Consultations (Completed by Worker)
- ◆ Narrative Process Notes
- ◆ Eco Map

If it finds that the child-care facility is being operated or has operated without a license or an approval or a six-month permit, it shall report the results of its investigation to the attorney general and to the appropriate district attorney for prosecution; provided, however, that the department may delay in making said report to the attorney general for a reasonable period of time, not to exceed 60 days, in order to give the person, group of persons or corporation operating the child-care facility reasonable

opportunity to apply for a license or an approval or a six-month permit, and, therefore, to meet the standards prescribed in this chapter. (Acts 1971, 3rd Ex. Sess., No. 174, p. 4423, §10.)

## CODE OF ALABAMA, 1975

### TITLE 38-13-1 -- 38-13-12

#### **Section 38-13-1 Legislative findings and intent.**

Under the National Child Protection Act of 1993, Public Law 103-209, 42 U.S.C. &sect; 5119, et seq., the states are permitted to implement a computerized information system to provide child abuse crime information through the Federal Bureau of Investigation National Criminal History Record Information System. The states may conduct a nationwide criminal history background check for the purpose of determining whether an individual who shall have unsupervised access to children, the elderly, or individuals with disabilities has been convicted of a crime that bears upon the fitness of the individual to provide care to or have responsibility for the safety and well-being of children, the elderly, or individuals with disabilities as defined in this chapter. The Legislature finds that there is an important state interest and it is in the best interest of the children, the elderly, and individuals with disabilities of Alabama to protect them from those persons who may inflict physical or mental injury or abuse, sexual abuse or exploitation, or maltreatment or other mistreatment upon children, the elderly, or individuals with disabilities. Therefore, it is the intent of the Legislature to provide for the implementation of a system that allows the Department of Human Resources, licensed child placing agencies, and child and adult care facilities to ensure that current licensees, license and volunteer applicants, prospective employees, current employees, and volunteers are suitable for employment, to perform volunteer work, or to hold a license, permit, approval, or certification and have not been convicted of a crime that bears upon their fitness to provide care or have responsibility for the safety or well-being of children, the elderly, or individuals with disabilities as defined in this chapter.

The Department of Human Resources shall, prior to the disbursement of any subsidized child care funds, require all employees and applicants of legally operating child care facilities to submit verification of the application for a criminal history background check and the results thereof when obtained. Upon reasonable suspicion that the individual has a criminal conviction or has not had a criminal history background check conducted, the Department of Human Resources shall have the right to require employees of license-exempt facilities to submit each application for a criminal history background check and the results thereof when obtained.

Upon receipt of a determination from the Department of Human Resources that an individual is unsuitable for employment, licensure, approval, or volunteer work, an employer, the child care facility, adult care facility, child placing agency, or Department of Human Resources shall terminate the individual from employment or volunteer work or shall not employ or use the individual. Termination of employment may be delayed by the employer to allow the individual to challenge either the accuracy or completeness of the criminal history information background report or the suitability determination made by the Department of Human Resources. The Department of Human Resources or child placing agency shall suspend or revoke a license or approval or deny a license or approval application to an individual receiving an unsuitability determination. As an alternative to termination of employment, the Department of Human Resources may transfer a permanent Merit System employee to an available position for which the employee is qualified where unsupervised access to children, the elderly, or persons with disabilities shall not be an essential function of the job.
- (e) If a review of a criminal history background information check or other information received reveals that the person has submitted false information, the employer, child care facility, adult care facility, child placing agency, or Department of Human Resources shall terminate the employee or volunteer. The Department of Human Resources or child placing agency shall revoke the approval or license of a person or entity when the person or entity submits false information in a review of criminal history background information check or other information. The Department of Human Resources shall be

notified of the false information and shall refer the case to an appropriate law enforcement agency or district attorney for investigation and prosecution.

- (f) Only one criminal history background information check shall be required on an individual regardless of subsequent changes in employment or licensing or approval status. Subsequent criminal history background information checks may be conducted by the employer or licensing or approval entity. The licensing or approval entity shall pay the cost for subsequent criminal history background information checks. If the statement signed by the applicant or employee states that a criminal history background information check has been performed and suitability determination issued on the individual, the employer or licensing agency may request at the time of application only a suitability determination from the Department of Human Resources on the check previously performed, within five business days of employment, or completion of license or approval application, submitting the same kind of information and consent for the request for suitability determination as required by the written consent for a criminal history background information check.
- (g) Upon being notified that an individual has already had a criminal history background information check performed by the Department of Education pursuant to the Alabama Child Protection Act, Chapter 22A of Title 16, the Department of Human Resources shall request and the Department of Education shall provide criminal history background reports and reports on subsequent convictions, or convictions entered into the system subsequent to the initial report, to the Department of Human Resources without the payment of an additional fee, provided there are no violations of federal laws.

**Section 38-13-5 Additional requirements.**

- (a) An applicant, licensee, volunteer, or employee, upon request, shall submit the following items:
  - (1) Two functional, acceptable fingerprint cards, bearing the fingerprints of the individual, properly executed by a law enforcement agency or individual properly trained in fingerprinting techniques.
  - (2) Written consent authorizing the release of any criminal history background information to the Department of Human Resources.
  - (3) A written statement signed by the applicant, volunteer, or employee indicating whether he or she has ever been convicted of a crime, and if so, fully disclosing all convictions. The statement shall include a notice and questionnaire in the form required in subsection (a) of Section 38-13-4.
  - (4) The fee of an applicant.
- (b) An applicant, licensee, volunteer, or employee shall notify the prospective or current employer, licensing agency, or entity for whom volunteer work is being performed of any criminal convictions occurring subsequent to the date of completion of the notice in Section 38-13-4.

***(Act 2000-775, & amp; amp; sect; 5.)***

**Section 38-13-6 Fees.**

- (a) A nonrefundable fee to be paid for the criminal history background information check shall conform to the guidelines promulgated pursuant to 42 U.S.C. & sect; 5119, the National Child Protection Act of 1993, and state law.
- (b) The Department of Public Safety may charge a fee in the amount prescribed in Section 32-2-61, of Title 32, for the cost of processing the request. The Department of Public Safety shall charge no larger fee for requests than charged for requests received from those entities. The fee charged for criminal history background information checks shall not exceed the statutory and regulatory amounts set under existing guidelines and no additional administrative fees, except for the cost of mailings, shall be charged which would increase the cost of the criminal history background information check.
- (c) An applicant for employment shall be responsible for the cost of the criminal history background information check. An applicant shall not be required to pay the fee until the prospective employing entity is prepared to consider the applicant and request a criminal history background information check. The chief executive officer of the prospective employing entity may pay the fee of an applicant.
- (d) For any volunteer or applicant for a volunteer position, the fee for the criminal history background information check may be paid by the volunteer or by the entity requesting volunteer work.
- (e) An applicant for a license or approval shall pay the fee for the criminal history background information check at the time the application for the license is submitted; except as provided herein, the Department of Human Resources may pay the fee for adult and child foster care applicants and child adoption applicants.
- (f) For an employing entity that requests a criminal history background information check on a current employee, the employing entity shall pay the fee for the criminal history background information check. The employee may be required to pay the fee or a portion thereof provided there shall be no violation of federal minimum wage requirements.
- (g) A fee paid for which a criminal history background information check is not performed shall be refunded to the applicant, the individual, or the entity requesting the criminal history background information check.

***(Act 2000-775, & amp; amp; sect; 6.)***

**Section 38-13-7 Duties of Departments of Public Safety and Human Resources; review of determinations.**

- (a) Criminal history background information checks shall be performed by the Department of Public Safety upon request by an employer, child care facility, adult care facility, or child placing agency authorized to make a request, or the Department of Human Resources. The Department of Public Safety shall provide a criminal history background check within a reasonable time of the receipt of the request. National criminal history background checks shall be requested by the Department of Public Safety from the Federal Bureau of Investigation within a reasonable time of the request. The Department of Public Safety, upon receipt of the criminal history background report from the Federal

Bureau of Investigation, shall forward the report to the Department of Human Resources within a reasonable period.

- (b) Criminal history background information reports shall be sent directly from the Department of Public Safety to the Department of Human Resources within a reasonable time from the receipt of the report from the Federal Bureau of Investigation. A copy of a criminal history report from the Department of Public Safety and Federal Bureau of Investigation shall be sent by the Department of Human Resources to the applicant or employee by certified mail or personal service. The Department of Human Resources shall review the criminal history record information report and determine whether the applicant, employee, or volunteer meets the suitability criteria for employment or licensure based on the criminal history background information check. The Department of Human Resources shall issue a written suitability determination to the applicant or employee and to the licensing entity or chief executive officer of the child care facility or adult care facility requesting the criminal history background information check. The Department of Public Safety shall notify the Department of Human Resources of a subsequent conviction, or convictions entered into the automated system subsequent to the initial report, for a crime committed on an individual for whom a criminal history background information report has been sent. The Department of Human Resources shall include the conviction in an amended or subsequent suitability determination.
- (c) A person may contest the accuracy or completeness of the Alabama criminal history background information check pertaining to him or her with the Department of Public Safety according to procedures established by that agency. The person or his or her legal counsel may review at the Department of Human Resources a copy of the Alabama criminal history background information report from the Department of Public Safety. If, upon review by the Department of Public Safety, the information is determined to be incorrect or incomplete, the information shall be corrected appropriately, and the Department of Human Resources shall be provided with the corrected information.
- (d) The Department of Human Resources shall issue a suitability determination and maintain a confidential file on individuals for whom a criminal history background information report or report updates have been received. The Department of Human Resources may issue a suitability determination based upon the criminal history report on file without the requirement of a new criminal history background information check. If no report or if only an incomplete criminal history report can be located in the files of the Department of Human Resources, the individual shall be required to submit to a new criminal history background information check.
- (e) Within 30 days of the date of notification, an individual determined unsuitable for approval, licensure, employment, or volunteer work by the Department of Human Resources based upon a disqualifying conviction may request in writing reversal of the determination of unsuitability if the conviction is not for a sex crime or a crime committed against a child, an elderly individual, or an individual with disabilities. An individual with a conviction excluded by federal law from being approved as a foster or adoptive parent, as any other child care or adult care provider, or volunteer may not be considered for reinstatement. In the case of a felony conviction, 10 years shall have lapsed since the sentence was served or the probation or parole ended, whichever is later, with no subsequent conviction. In the case of a misdemeanor conviction, five years shall have lapsed since the sentence was served, or the probation or parole ended, whichever is later, with no subsequent conviction. The individual shall affirmatively demonstrate to the Department of Human Resources successful rehabilitation by clear and convincing

evidence. In determining whether an individual has affirmatively demonstrated successful rehabilitation, all of the following shall be considered:

- (1) Nature and responsibility of the position which the convicted person would hold or has held.
  - (2) Nature and seriousness of the offense committed.
  - (3) Circumstances under which the offense occurred.
  - (4) Date of the offense.
  - (5) Age of the person when the offense was committed.
  - (6) Whether the offense was an isolated or repeated incident.
  - (7) Social conditions which may have contributed to the offense.
  - (8) An available probation or parole record, report, or recommendation.
  - (9) Evidence of rehabilitation, including good conduct in prison or in the community, counseling or psychiatric treatment received, acquisition of additional academic or vocational schooling, successful business or employment history, and the recommendation of his or her supervisors.
- (f) The Department of Human Resources and the Department of Public Safety may adopt rules and regulations to implement the procedures and requirements of this chapter pursuant to the Administrative Procedure Act, Section 41-22-1, et seq.

***(Act 2000-775, & amp; amp; sect; 7.)***

**Section 38-13-8 Confidentiality and disclosure of reports.**

- (a) All reports of criminal history background information received by the Department of Human Resources from the Department of Public Safety shall be confidential and marked confidential with no further disclosure and shall not be made available for public inspection.
- (b) All criminal history background information reports shall be excluded from any requirement of public disclosure as a public record.
- (c) Without additional public disclosure, the following release of the criminal history background information report shall not be construed to violate this section:
  - (1) Showing the report to the applicant or current employee.
  - (2) Release of the report to a court of competent jurisdiction in the event of litigation brought by the applicant or employee.
  - (3) Release of the report to a court of competent jurisdiction upon a finding that the information is material to the issues of the case before the court.
  - (4) Use of the report in preparation, investigation, and presentation during a criminal prosecution, or in any administrative proceeding involving the challenge to a suitability determination, or revocation of a license or denial of an application for a license by the Department of Human Resources.
  - (5) Release to anyone with the written consent of the employee or volunteer.

- (d) A person having access to criminal history background information reports and releasing the reports pursuant to this chapter shall be required to maintain a register consistent with the National Child Protection Act of 1993, Public Law 103-209, 42 U.S.C. & amp; sect; 5119, et seq.
- (e) Nothing in this chapter shall be construed to prohibit the distribution of employment or licensing status information to an interested party.

***(Act 2000-775, & amp; amp; sect; 8.)***

**Section 38-13-9 Violations.**

- (a) A person convicted of the following actions under this chapter shall be guilty of a Class A misdemeanor:
  - (1) Violating the confidentiality of records.
  - (2) Violating lawfully adopted policies pursuant to this chapter.
  - (3) Knowingly, willfully, and intentionally making or transmitting a false or misleading report or information concerning past convictions as required under this chapter.
  - (4) Knowingly, willfully, and intentionally failing to report subsequent convictions as required by this chapter.
- (b) A person who knowingly submits false information concerning past convictions on an application for employment or other form required for disclosure of criminal convictions may be subject to loss of employment and to the loss of any license issued by the Department of Human Resources or child placing agency.

***(Act 2000-775, & amp; amp; sect; 9.)***

**Section 38-13-10 No cause of action established; immunity not waived.**

Nothing in this chapter is intended to create or establish new causes of action in any court. Nothing in this chapter shall be construed as a waiver of any sovereign or qualified immunity.

***(Act 2000-775, & amp; amp; sect; 10.)***

**Section 38-13-11 Disposition of fees.**

All fees received by the Department of Public Safety for criminal history background information checks conducted pursuant to this chapter shall be deposited to the Public Safety Automated Fingerprint Identification System Fund, to be appropriated to and expended by the Department of Public Safety in accordance with Section 32-2-61.

***(Act 2000-775, & amp; amp; sect; 11.)***

**Section 38-13-12 Construction.**

This chapter is supplementary and shall be construed in pari materia with other laws; provided, however, that to the extent that this chapter specifically conflicts with other laws pertaining to

criminal history background information checks, this law shall take precedence. Nothing contained in this chapter shall be construed to diminish, reduce, or conflict with the authority of the Department of Human Resources to interpret and apply appropriate federal and state laws governing that agency and its programs.
